Directions For Use**Application:**

When using this product, always use gloves and protective eye wear.

1. Remove dirt and debris from surface to be treated.
2. Clean surface and allow to completely dry.
3. Apply Mold Patrol gel evenly onto moldy and/or stained areas. Cover dirty spots completely.
4. Allow gel to harden for approximately 3-5 hours.
5. Using a damp cloth or sponge, wipe away gel and rinse thoroughly with fresh water.
6. Allow treated areas to air dry prior to making contact with exposed skin.

CAUTION:

May cause skin irritation. Always wear gloves when using this product. If product comes in contact with skin, wash thoroughly with soap and water. If product comes in contact with eyes, flush for several minutes with water. If eye irritation persists, consult a doctor.
